

BalkanCom 2026

Ninth International Balkan Conference on Communications and Networking

June 16 - June 19, 2026
Ulcinj, Montenegro

CALL FOR SPECIAL SESSIONS AND TUTORIALS

BalkanCom is a premier technical conference in communications and networking in the Balkan region. The goal of BalkanCom is to bring together researchers in academia, research labs and industry from all over the world to the historical region of the Balkans. BalkanCom 2026 with the theme, ***Networks Meet Intelligence: The Future is Now***, continues the best tradition of scientific conferences of being completely not for profit. The ninth edition of the conference will take place on 16-19 June 2026 in Ulcinj, Montenegro.

In addition to technical symposia and high-profile keynote speakers, BalkanCom 2026 invites submissions for Special Sessions and Tutorials.

SPECIAL SESSIONS

Special Sessions will provide an opportunity to focus on selected emerging topics under the conference's overarching topic of "Networks Meet Intelligence: The Future is Now", and may include a mix of regular papers and short invited talks.

TUTORIALS

Tutorials will focus on comprehensive overviews of the current state of the art in selected topics emerging under the main theme of the conference, following either the short (1.5 hour) or the long (3 hour) format.

We invite submissions of proposals for Special Sessions and Tutorials for BalkanCom 2026. Both Special Sessions and Tutorials should aim to complement the conference technical program with comprehensive overviews or in-depth insights into selected emerging topics, highlighting research and development challenges in emerging AI-powered communication, information, and networking technologies.

SUBMISSION GUIDELINES

Proposals for Special Sessions and Tutorials should be sent in the form of a one-page document outlining:

- Title of the Special Session/Tutorial
- Organizers: name, affiliation, contact information, short biography

For Special Sessions

- One-paragraph description of the Special Session
- A tentative list of authors/papers
- An indication if the Special Session intends to adopt the IEEE review procedure and include the papers in the IEEE Xplore*

For Tutorials

- A short abstract describing the technical content of the Tutorial
- An indication of preferred tutorial length (short/long)

Proposals should be submitted by email to Special Sessions and Tutorial chairs:

Gordana Gardašević (gordana.gardasevic@etf.unibl.org)

Silvija Kokalj-Filipović (kokalj.filipovic@rowan.edu)

Wolfgang Gerstacker (wolfgang.gerstacker@fau.de)

IMPORTANT DATES

Proposal submission deadline: **February 24th, 2026**

Notification of acceptance: **March 10th, 2026**

BalkanCom reserves the right to exclude a paper from distribution after the conference, if the paper is not presented at the conference.

*Please note: If the Special Session would like to include the accepted papers in the IEEE Xplore, the IEEE review procedure must be adopted, and the papers must meet the IEEE Xplore scope and quality requirements.
